

## KURSPLAN

# Anatomy and Physiology, Basic Course, 7,5 högskolepoäng

*Anatomy and Physiology, Basic Course, 7.5 credits*

---

Kurskod:	HANG18	Utbildningsnivå:	Grundnivå
Fastställd av:	Utbildningsrådet 2017-11-28	Utbildningsområde:	Medicinska området
Reviderad av:	Utbildningsrådet 2024-04-09	Ämnesgrupp:	ME1
Gäller fr.o.m.:	2024-08-19	Fördjupning:	GIN
Version:	2		

---

## Lärandemål

Upon completion of the course the student should have the ability to:

### Kunskap och förståelse

- describe the structure of the human body at the level of cells, organs and organ systems
- describe the function of the human body at the level of organ and organ systems
- describe the interaction between the organs and organ systems under normal physiological conditions and changes.

### Färdighet och förmåga

- identify and localize surface anatomy
- use correct medical terminology.

### Värderingsförmåga och förhållningssätt

- integrate physical activity in a health perspective.

## Innehåll

- cells, tissues, and organs of the human body
- nervous system, sensory organs, and the endocrine system
- musculoskeletal system
- circulatory system and respiratory system
- digestive system
- urinary system

## Undervisningsformer

The course is implemented in the form of lectures, seminars and laboratory lessons.

Undervisningen bedrivs på engelska.

## Förkunskapskrav

Grundläggande behörighet

## Examination och betyg

Kursen bedöms med betygen A, B, C, D, E, FX eller F.

The course is examined in the form of active participation in a seminar as well as an individual written examination.

A university lecturer serves as the course examiner.

Poängregistrering av examinationen för kursen sker enligt följande system:

Examinationsmoment	Omfattning	Betyg
Seminar	1 hp	U/G
Individual written examination	6,5 hp	A/B/C/D/E/FX/F
