## Contents

This course is designed for students/professionals wishing to increase their intercultural understanding and to gain the tools for building international ties. Students will explore their own culture, begin to perceive the impact of culture on daily life, learn some of the basic theories of cross-cultural communication and work towards achieving cross-cultural competence. Focus is placed on the application of theory and research in intercultural communication. Both crosscultural (comparisons of communication across cultures) and intercultural (communication between

members of different cultures) communication are emphasized. Topics include:

- Cultural inheritance and Swedish mentality
- Worldview, ethnocentrism, non-verbal communication
- Cultural values and identity, the deep structures of culture.
- Multiculturalism and Cultural Change
- Immigration, integration and cross-cultural work.

## Type of instruction
