

COURSE SYLLABUS

Industrial Placement Course in Computer Science, 7.5 credits

Näringslivsförlagd kurs i Datavetenskap, 7.5 högskolepoäng

Course Code:	TNDS22	Education Cycle:	Second-cycle level
Confirmed:	Mar 01, 2020	Disciplinary domain:	Technology
Valid From:	Aug 31, 2026	Subject group:	Computer Technology
		Specialised in:	A1F Second cycle, has second-cycle course/s as entry requirements
		Main field of study:	Computer Science

Intended Learning Outcomes (ILO)

On completion of the course the student shall:

Knowledge and understanding

- demonstrate comprehension of the difference between the experience of practical work and the theoretical knowledge acquired earlier in the program

Skills and abilities

- demonstrate the ability to apply the knowledge acquired through their education in professional work
- demonstrate the ability to describe, analyse and reflect on the results of their work experience and to present them orally and in writing to the client and at the university

Judgement and approach

- demonstrate the ability, based on experience with clients, to reflect on their need for knowledge and skills in professional practice
- demonstrate insight into the future professional role and the responsibility for sustainability that comes with it

Content

Conditions for a professional approach in the exercise of their future profession. Business-related content tailored to the client's professional activities, with students.

The course includes the following elements:

- Joining and contributing knowledge to an ongoing project
- Witnessing and participating in an ongoing product development process
- Participating in professional practice relevant to the main subject area
- Planning and delivering professional development for the client's staff
- Write and orally reflect upon the experience of professional practice, and its documentation.

Type of instruction

Language of instruction is English.

Entry requirements

At least 30 credits in the Master's programme should be approved (or the equivalent).

Examination and grades

The course is graded Pass (G) or Fail (U).

The final grade will only be issued after satisfactory completion of all assessments.

Registration of examination:

Name of the Test	Value	Grading
Assignment	6 credits	G/U
Written and oral presentation	1.5 credits	G/U

Course literature

Please note that changes may be made to the reading list up until eight weeks before the start of the course.

Guiding documents will be available via Canvas.
