Contents

The course consists of writing a bachelor thesis in English, defend the thesis at a public seminar, and act as main opponent on another student seminar.

Type of instruction

Seminar based tutoring and personal coaching.

The teaching is conducted in English.

Prerequisites

60 credits in Business Administration including 7.5 credits at G2F level within the field of the thesis and 7,5 credits in Research Methods (or the equivalent).

Examination and grades

The course is graded A, B, C, D, E, FX or F.

ILO 1- 4,7 The written thesis.

ILO 5-7 The thesis process (Presence and activities in thesis defense & opposition, active participation at three other final seminars, active part in four preparatory seminars as well as project management (time management).

Examination form:

ILO 1-4,7 examined by the written thesis and account for 80% of the total grade

ILO 5-7; participation and activity in nine sessions and project management (four preparatory seminars, final defense & opposition and three more final seminars) account for 20% of the total grade in the course. These activities are individually graded.

Note: A course grade can only be given if all ILOs are passed (grade E).

Registration of examination:

Name of the Test	Value	Grading
Examination	15 credits	A/B/C/D/E/FX/F

Course evaluation

It is the responsibility of the examiner to ensure that each course is evaluated. At the outset of the course, the programme evaluators in the course must be contacted. In the middle of the course, the examiner should meet the programme evaluators to identify strengths/weaknesses in the first half of the course.

At the end of the course, the examiner should remind students to fill in the survey. The examiner should also call a meeting with the programme evaluators to debrief the course, based on course evaluation data and comments. The next time the course runs, students should be informed of any measures taken to improve the course based on the previous course evaluations.

At the end of each study period, JIBS' Director of Quality and Accreditation crafts a "Course Evaluation Quarter Report", presenting the quantitative results from course evaluation surveys. The Associate Dean of Education, The Associate Deans of Faculty, Programme Directors, and JSA President and Quality receive the report.

Other information

Students write the Bachelor thesis in pairs. Even though the thesis is written in pairs the course is examined on an individual basis.

Academic integrity

JIBS students are expected to maintain a strong academic integrity. This implies to behave within the boundaries of academic rules and expectations relating to all types of teaching and examination.

Copying someone else's work is a particularly serious offence and can lead to disciplinary action. When you copy someone else's work, you are plagiarising. You must not copy sections of work (such as paragraphs, diagrams, tables and words) from any other person, including another student or any other author. Cutting and pasting is a clear example of plagiarism. There is a workshop and online resources to assist you in not plagiarising called the Interactive Anti-Plagiarism Guide.

Other forms of breaking academic integrity include (but are not limited to) adding your name to a project you did not work on (or allowing someone to add their name), cheating on an examination, helping other students to cheat and submitting other students work as your own, and using non-allowed electronic equipment during an examination. All of these make you liable to disciplinary action.

Course literature

Selected individually based on the thesis topic. The selection will be based on a discussion between students and tutors in relation to the chosen thesis topic.
