Intermediate Microeconomics and Mathematical Economics, 7,5 högskolepoäng

Intermediate Microeconomics and Mathematical Economics, 7.5 credits

Kurskod:	JMMK14	Utbildningsnivå:	Grundnivå
Fastställd av:	Council for Undergraduate and Masters Education 2013-01-04	Utbildningsområde:	Samhällsvetenskapliga området (75%) och naturvetenskapliga området (25%)
Reviderad av:	Examinator 2023-11-27	Ämnesgrupp:	NA1
Gäller fr.o.m.:	2024-08-19	Fördjupning:	G1F
Version:	5	Huvudområde:	Nationalekonomi

Innehåll

Important elements of the course are:

- Decision-making by firms and consumers,
- Alternative market forms,
- Pricing practices,
- Uncertainty and asymmetric information,
- Public goods and market failures,
- Principal-agent relationships,
- Various mathematical techniques useful for microeconomic analysis
- Students can earn bonus points by regularly submitting assignments, which will be added to their final exam scores. Bonus points are valid only for the academic year in which they are earned.

Undervisningsformer

The course is delivered through lectures and exercise sessions.

Undervisningen bedrivs på engelska.

Förkunskapskrav

30 credits in Business Administration or Economics including Macroeconomics 7.5 credits at G1N level and Microeconomics 7.5 credits at G1N level (or the equivalent).

Examination och betyg

Kursen bedöms med betygen A, B, C, D, E, FX eller F.

ILO Knowledge and understanding, Skills and abilities and Judgement and approach will be examined in a written exam.

There is a final examination. The grade on the final examination (maximum 100 points) leads to an overall examination grade upon which the full 7,5 credits in the course is based.

Poängregistrering av examinationen för kursen sker enligt följande system:

Examinationsmoment	Omfattning	Betyg
Examination ¹	7,5 hp	A/B/C/D/E/FX/F

¹ All parts of the compulsory examination in the course must be passed with a passing grade (A-E) before a final grade can be set. The final grade of the course is determined by the sum total of points for all parts of the examination in the course (0-100 points). Grade is set in accordance to JIBS grading policy.

Kursvärdering

It is the responsibility of the examiner to ensure that each course is evaluated. At the outset of the course, the programme evaluators in the course must be contacted. In the middle of the course, the examiner should meet the programme evaluators to identify strengths/weaknesses in the first half of the course.

At the end of the course, the examiner should remind students to fill in the survey. The examiner should also call a meeting with the programme evaluators to debrief the course, based on course evaluation data and comments. The next time the course runs, students should be informed of any measures taken to improve the course based on the previous course evaluations.

At the end of each study period, JIBS' Director of Quality and Accreditation crafts a "Course Evaluation Quarter Report", presenting the quantitative results from course evaluation surveys. The Associate Dean of Education, The Associate Deans of Faculty, Programme Directors, and JSA President and Quality receive the report.

Övrigt

Academic integrity

JIBS students are expected to maintain a strong academic integrity. This implies to behave within the boundaries of academic rules and expectations relating to all types of teaching and examination.

Copying someone else's work is a particularly serious offence and can lead to disciplinary action. When you copy someone else's work, you are plagiarizing. You must not copy sections of work (such as paragraphs, diagrams, tables and words) from any other person, including another student or any other author. Cutting and pasting is a clear example of plagiarism. There is a workshop and online resources to assist you in not plagiarizing called the Interactive Anti-Plagiarism Guide.

Other forms of breaking academic integrity include (but are not limited to) adding your name to a project you did not work on (or allowing someone to add their name), cheating on an

examination, helping other students to cheat and submitting other students work as your own, and using non-allowed electronic equipment during an examination. All of these make you liable to disciplinary action.
